It's a New School Year With Healthy Meal Choices!

INTRODUCING....

Nutri-Serve's Guide

To the Computerized Cash Register For Our New Customers!

Now is the time to try a school lunch or breakfast! The computerized cash register is an easy adjustment for this generation of technology masters.

Attention students!

1. *Look over the menu with your parents and decide what you would like to eat.*
2. *When you come to the cafeteria the friendly Nutri-Serve Staff will serve you your choice.*
3. *After you get your tray, enter your lunch pin number on the pin pad and the cashier will register the lunch on your account.*

Details for the parents!

If you bring your lunch from home you can get a fruit, healthy snacks, water, juice and milk if you have cash or money on your account.

Your parents can put money on your account by sending in cash or check or going online to deposit money by credit card. If you have cash or check for your lunch it should be in an envelope with your full name, grade and room number marked on it. Give the envelope to your teacher!
