Subject/Content Standards

Include grade appropriate subject/content standards that will be addressed

Interpretive Mode of Communication

Intermediate High learners understand, with ease and confidence, sentence-length speech in basic personal and social contexts. Devise substantial meaning from some connected texts typically understood by advanced-level listeners and readers. They show evidence of the ability to make inferences about texts by identifying key details of spoken, viewed, and written materials.

Core Idea	Performance Expectations
<p>Learning a language involves interpreting meaning from listening, viewing, and reading culturally authentic materials in the target language.</p>	<ul style="list-style-type: none"> • 7.1.IH.IPRET.1: Summarize the main idea, several details, and some inferences of literary or informational texts on a range of topics. • 7.1.IH.IPRET.2: Demonstrate comprehension of spoken and written language expressed by speakers of the target language in formal and informal settings, through appropriate responses. • 7.1.IH.IPRET.3: Compare and contrast the use of verbal and non-verbal etiquette to perform a variety of functions (e.g., persuading, offering advice) in the target culture(s) and in one's own culture. • 7.1.IH.IPRET.4: Summarize information from oral and written discourse dealing with a variety of topics. • 7.1.IH.IPRET.5: Infer the meaning of some unfamiliar words and phrases in new formal and informal contexts. • 7.1.IH.IPRET.6: Identify several of the distinguishing features of the text (e.g., type of resource, intended audience, purpose). • 7.1.IH.IPRET.7: Infer the meaning of most vocabulary, including some culturally appropriate and idiomatic expressions related to familiar or studied topics, by using context clues and text structures. • 7.1.IH.IPRET.8: Collect, share, and analyze data related to global issues including climate change.

Intercultural Statements	Possible Topics
<p>Through the target language, learners identify and investigate typical products related to everyday life in the target culture(s) and in the learners' own culture. They use their insights to infer perspectives (attitudes, values, beliefs, the way a native speaker living in the target culture interprets meaning) of the target culture society.</p>	<p>Current events, contemporary and emerging global issues, population, migration, environment, discrimination, resources.</p>

<p>Learners recognize and identify a few typical practices of the target culture in order to gain understanding of the perspectives of the target culture(s) and their societies.</p>	<p>Impact of current events and global issues on the target culture societies and on the students' own society, effects of population growth and migration across the globe, environmental degradation and protections, discrimination and other conflicts that affect the world, and the allocation of scarce resources.</p>

Interpersonal Mode of Communication

Intermediate High learners exchange information in spontaneous spoken or written conversations and some discussions on a variety of familiar and some concrete topics that they have researched, using connected sentences that may form paragraphs and asking a variety of questions, often across various time frames.

Core Idea	Performance Expectations
<p>Interpersonal communication between and among people is the exchange of information and the negotiation of meaning.</p> <p>Speakers and writers gain confidence and competence as they progress along the proficiency continuum.</p>	<ul style="list-style-type: none"> • 7.1.IH.IPERS.1: Exchange information in conversations and some discussions on a variety of familiar and some concrete topics, using connected sentences that may combine to form paragraphs and asking a variety of questions, often across time frames. • 7.1.IH.IPERS.2: Explain preferences, opinions, and emotions and give advice on a variety of topics, using connected sentences that may combine to form paragraphs and asking a variety of questions, often across time frames. • 7.1.IH.IPERS.3: Relate personal stories, events, and experiences using connected speech and with accuracy in the present tense and often across time frames. • 7.1.IH.IPERS.4: Engage in oral and written discourse in a variety of situations that sometimes involve a complication, using connected sentences that may combine to form paragraphs. (Show consistent accuracy in the present tense and show some accuracy with other time frames.) • 7.1.IH.IPERS.5: Ask and respond to questions and state opinions as part of a group discussion on topics and situations of a personal, academic, or social nature. • 7.1.IH.IPERS.6: Compare and contrast global issues in a group discussion, with emphasis on climate change and its impact on the target language regions of the world and the people who live in those areas.

Intercultural Statements	Possible Topics
<p>Through the target language, learners identify and investigate typical products related to everyday life in the target culture(s) and in the learners' own culture. They use increasingly complex vocabulary and structures, compare points of view and perspectives, and write or speak original pieces such as essays, stories, and poems. Intermediate High learners demonstrate evidence of Advanced Low proficiency but lack consistency in maintaining the advanced level.
